Features and Benefits:

Travel Savings-We 110% Guarantee it!

Travel savings using the FIVE STAR PASS are not based on earning points that expire before you can use them. These are real discounts that can save you up to 80% on domestic and international travel packages that included hotel, airfare and car rental.

In researching travel programs to develop the FIVE STAR PASS, we compared the savings against Travelocity and all the major internet “discount sites” and FIVE STAR PASS beats them all every day. The average saving using FIVE STAR PASS for hotel reservations was over 39%, when we compared the same rooms and dates with all of the major internet sites.

Pricing for hotels on internet sites typically do not include taxes or local resort fees in their price. When you see the price in the FIVE STAR PASS travel portal, it will include or display any additional fees that apply so there will be no surprises when you go to check out of your hotel.
