

An Important Message to 5LINX Representatives

The entire 5LINX family is saddened by the recent developments concerning co-founders Jason Guck and Jeb Tyler.

As difficult as it is to hear this news, it is important to understand that these are accusations only. It should be noted that this matter involves a previous corporate entity, 5LINX Enterprises, Inc., and as such these matters have no potential impact on the new 5LINX corporate entity in which I invested and now own a majority interest.

The recent developments are the culmination of an ongoing dispute that I was fully aware of prior to investing in the inspirational people who built and are loyal to 5LINX and our values. I remain firmly confident in our business and our opportunity, and specifically I remain confident in *YOU*, our loyal and dedicated representatives. As I've stated many times, **I chose to join 5LINX because of you!**

With our two NEW unprecedented offerings, the new 5LINX is stronger than ever, and we will continue to move forward confidently with our plans for growth. We are on the right path and the new 5LINX is ready to soar. I/we are more committed than ever to building a better opportunity for you and *every* 5LINX Representative.

Ultimately each of us is defined not by the challenges we face, but by how we *respond* to those challenges. That is why I urge you not to engage with people that only want to bring us down. **Stand strong!** Double down on our exciting customer acquisition strategy and know WE ARE 5LINX!

Your support and prayers are appreciated by Jeb and Jason in this difficult time, but remember, you all have great success stories and new 5LINX success stories are being created each and every day. Do your part and help drown out the toxic noise by sharing your stories! **#WeAre5LINX**. We will persevere and move into a bright future together, as we provide a positive force in each other's lives and each of our communities.
