

Introducing... the NEW Quick Start Enrollment Bundles and the NEW Quick Start Coaching Bonus!

What's new about enrollment?

Effective immediately, we are offering four (4) fantastic new enrollment bundle options. These four bundles are \$199.95 (not \$249.95) and include enrollment! It's an incredible deal for your new partner and is intended to help increase recruitment by lowering the total cost of investment. The former \$249.95, \$499.95 and \$999.95 enrollment bundle options will no longer be available.

What is the commission on these new Quick Start Enrollment Bundles?

The \$199.95 Quick Start Enrollment Bundles generate 25% CV (\$50), which pays upline through the compensation plan just like all CV. They also generate 8 points for the new enrollee. The CV generated from Quick Start Enrollment Bundles is also Customer Club Qualified!

How do I enroll partners with these new Quick Start Enrollment Bundles?

You can continue to enroll partners through 5Lsignup.com/yourRIN or from 5linx.net/yourRIN

Is there a CAB on these new enrollments?

No. We are replacing the traditional Customer Acquisition Bonus (CAB) with a NEW Compensation Plan element called a **Quick Start Coaching Bonus!** Since all of your new partners join the business already qualified (8 points), we are incorporating a new bonus that rewards the upline for actually helping each new partner reach the first important milestone: their 2&12 Quick Start Bonus (ET in 30). Here is a description of how this \$100 Bonus pays out over 3 positions:

What new documents are available to support these changes?

A newly designed Opportunity Presentation PowerPoint (and PDF) has been posted to the Documents section of my.5linx.com. We have also refreshed and reposted a new 2-page Compensation Plan document. Download these new docs to replace your previous versions.

Anything else new?

Well, yes, thanks for asking! We have also rolled out a brand-new Opportunity “piquing” video that you can begin sharing with prospects to generate interest in seeing your presentation.
